WISE CITIZENS FOSTERING BOYS CORN CLUB IN BRECKENRIDGE

Irvington Organizes Club and Business Men Offer Prizes. Plan Corn Show In the Fall. County Club Being Organized. Membership Increasing Daily. Boys and Men Enter Beard's Contest.

MEETING SATURDAY, MAR. 15

Hardinsburg "has got" the Court House and Cloverport the shops, Irvington is the first one to have a real, active Corn Club. The county-seat is making an effort and Cloverport did try, but Irvington has already established and maintained one with Bony Gibson president and B. W. Carter secretary.

The production of corn in Kentucky during the last two years has increased from 29.6 to 37.6 bushels per acre, or an even eight bushels. This increase is attributed solely to the establishing of Boys' Corn Clubs in the State and Irvington is profiting by the example set by the men and boys in other counties and is taking hold at once of the modern method of corn raising. The organization will be known as the Corn, Clover and Stock Club.

Wednesday the farmers and citizens of Irvington had a meeting enthusiastic and with definite plans. A contest was arranged and prizes were offered to the corn growers as follows: Irvington Mill and Elevator Company—One barrel of "None Such Flour."

Mr. Owen Still Anxious

W. J. Owen has been one of the first men in the county to take an interest in the Boys Corn Club movement and he is still anxious to see it succeed in Breckenridge. Mr. Owen writes:

We note that the Fiscal Court at a recent session set aside \$100.00 as a premium fund for Breckenridge County Boys' Corn Club and we think this commendable and wish to say that it is time this club is being organized so that all boys in the county can be getting ready to do best work. Now we would suggest that some one or more of the good Democratic or Republican office seekers get after this matter and have all boys who wish to enter the contest to meet at Hardinsburg and organize, and we wish to add that we will in addition to any other prizes that may be offered give to the boy who wins first in the contest a Poland-China, either big or medium type, worth \$25.00 and to the one winning second prize a pig worth \$15.00, and we believe that many farmers and business men in the county will contribute to this most worthy cause if the matter is taken up in time.

Respectfully,
W. J. Owen & Sons.

Corn Growing Contest

B. F. Beard & Company's corn growing contest announcement in The Breckenridge News and Leader last week has stirred up great interest. The contest is open to men and boys—no age limit. With a \$20 and \$10 gold piece staring him in the face, the corn grower will surely get busy to work for that and the county and citizen's prizes offered too.

Mr. Conner Dead.

HOWDY!

Hardinsburg, Ky., "Self praise is half scandal" is an old maxim. So with this in mind, I shall be brief as to my ability and qualifications or WHY I desire the OFFICE OF COUNTY ATTORNEY.

The VOTERS know before their vote is cast who the candidate is and his ability to fill the office to which he aspires, without the candidates self praise and "Tooting His Own Horn."

I am in this race because I NEED the office—I am not the fellow that says—"the office needs BIG I," and I am the only one that can now please the people and do full justice to the duties required of the office to which the candidate may aspire. The voters know that similar expressions are frequently used by candidates both in State and County races, this being one of the many deceptive self-praise devices used, but it is my judgment that the voters henceforth will not be guided by the statements of a candidate, but will be guided by cool judgment after an unbiased investigation of a candidate's claims.

In this instance I think it not asking beyond what is due me, to sincerely submit myself to the will of the voters at our coming August Primary. I have never asked for County Office before, having been constantly harassed to the Democratic Political Dray, for more than twenty years, and doing all in my humble way to help others to office. Now from a point of justice, is it not now my turn at the "OLD MILL" and to kindly ask your consideration?

If in the wisdom of the party I am chosen on Primary Day, as one of the standard bearers, our opponents will find me on the firing line until the polls close in November. Let the battle cry of all Democrats be, "In To Win," regardless of the results in our primary. Let no man falter, because he gets defeated in our primary election, be for the other fellow as strong as you were for yourself in the primary. "SAFEGUARD THE COUNTY POCKET BOOK" is my platform. Kindly asking your support.

I am very truly,
HAL C. MURRAY.
